# WHAT MOVIES ARE FAMILY WATCHING?

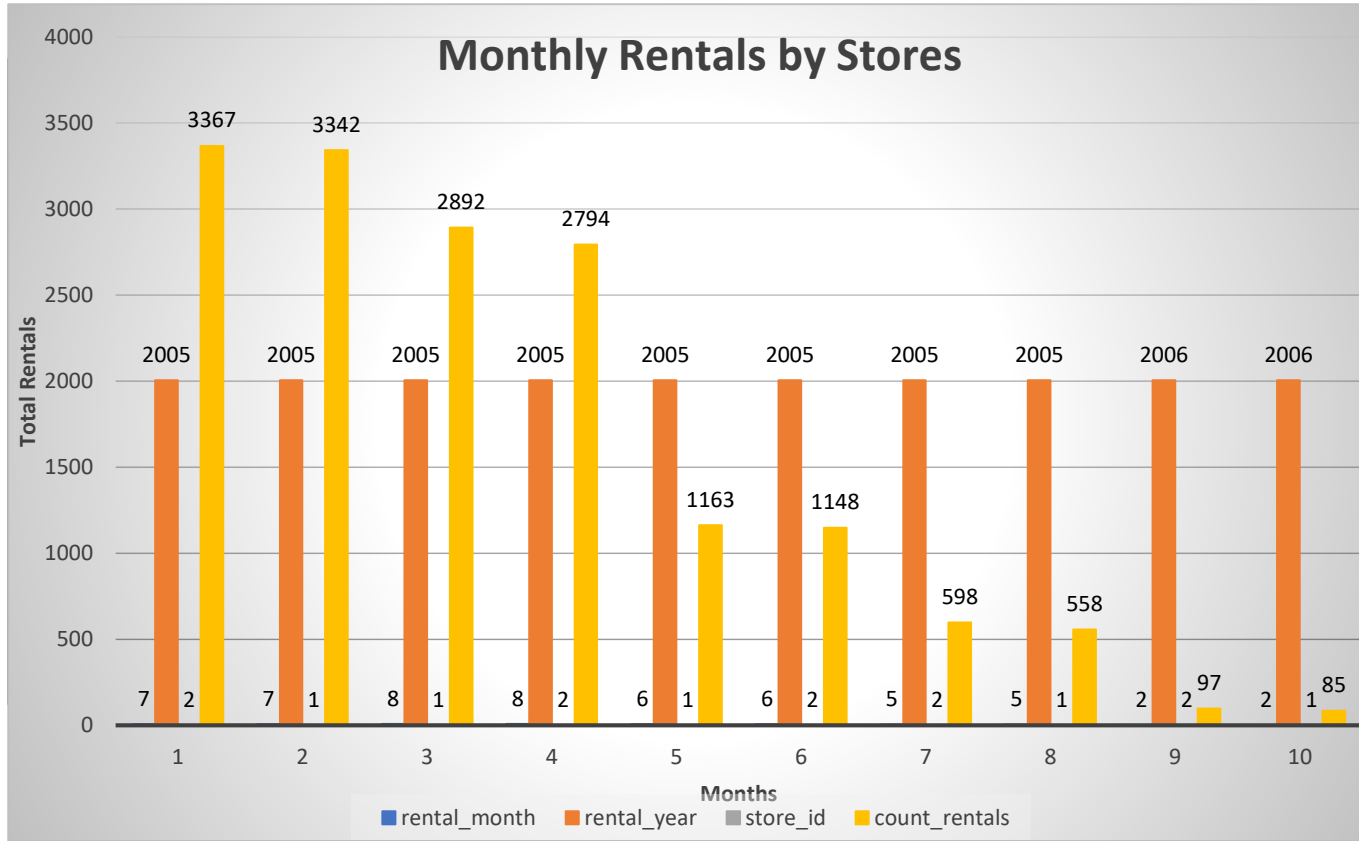

Movie Rentals by Catergory

We can clearly see the Box and Whisker showing the relationship between the multiple dataset and how of course they relate to each other.
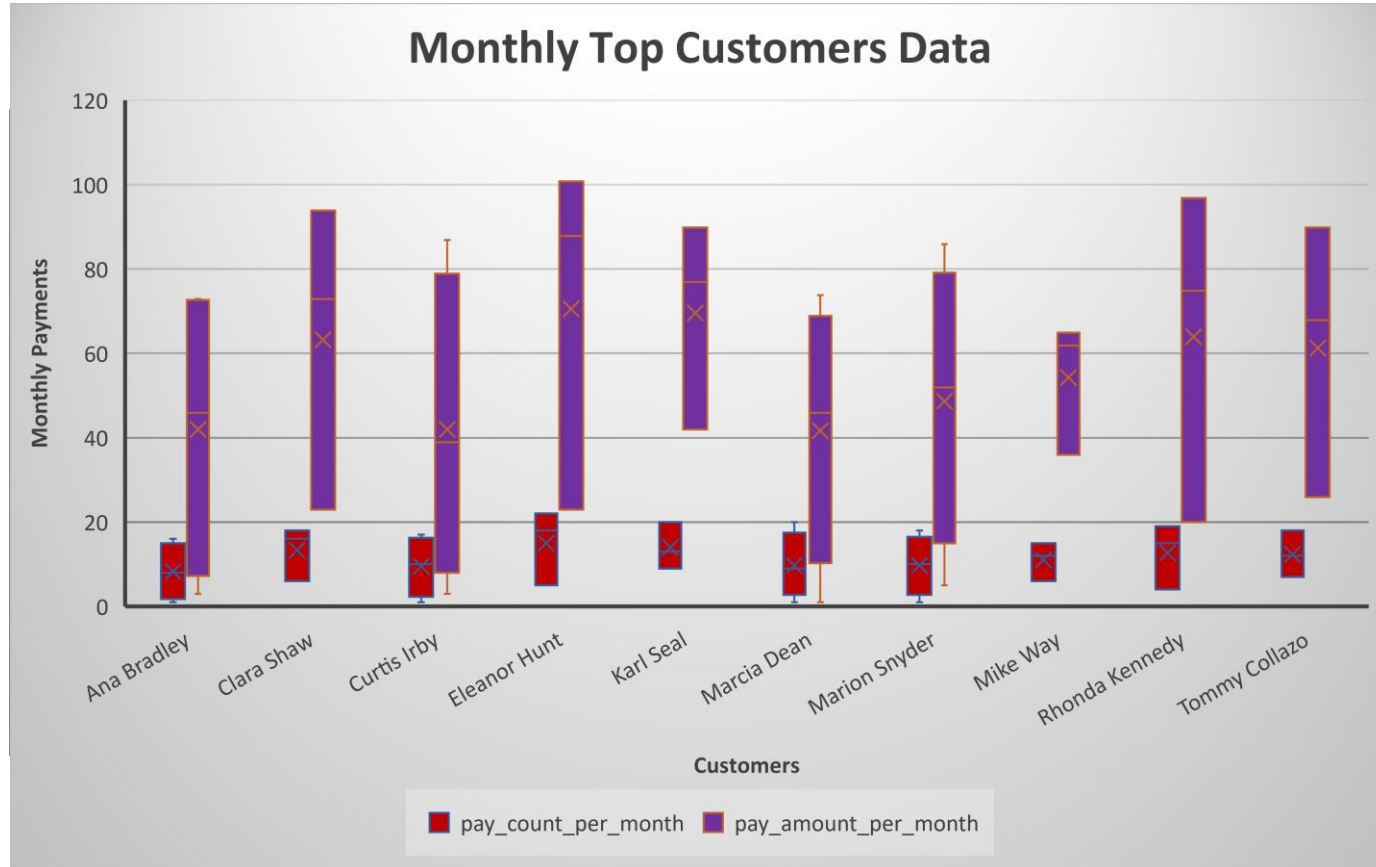

A TABLE WITH THE FAMILY-FRIENDLY FILM CATEGORY

We can clearly see the Box and Whisker showing the relationship between the multiple dataset standard quartile and count and their relationship with each other.

HOW THE TWO STORES COMPARE IN THEIR COUNT OF RENTAL ORDERS DURING EVERY MONTH FOR ALL THE YEARS?

The bar chart clearly shows the relationship and comparison between the monthly orders of two rental stores for all the years we have available data.

TOP PAYING CUSTOMERS WITH MONTHLY PAYMENT DATA.

The Box and Whisker clearly shows the relationship between the multiple dataset and how of course they relate to each other.

Here we can see the profile of our top paying customers, how many payments were made on a monthly basis, and the amount of the monthly payments.
